FOR IMMEDIATE RELEASE

2012 Street Maintenance Program Update

Kerrville - The City of Kerrville Street Division will begin Phase 1 of the 2012 Summer Street

Maintenance Program by crack sealing, edge milling and asphalt overlaying the following

streets during the month of May: Cully Dr., Wesley Dr., Lehmann Dr., Lakewood Dr. and

Spring Mill Dr. The work will be in progress from Monday, May 1 to near the end of May

between the hours of 7:00 a.m. and 7:00 p.m. Monday through Friday.

No road closures are anticipated; however, alternate lane closures will occur during

this period and traffic through these areas should anticipate lower speeds with the possibility

of delay through the work zone. Access for residents, postal service and emergency services

will be possible at all times with only minor delays.

Door hangers will be distributed to those directly affected by these projects with

detailed information as we approach each street. The schedule for the remaining streets in

the 2012 program will be released in the near future.

Made possible by direction from Kerrville City Council this will be the third summer

paving season for the City of Kerrville Street Division providing rehabilitation of city

streets and saving valuable tax dollars whereas these repairs would not be possible

otherwise.

For additional information concerning the Street Maintenance Program contact Charlie Hastings, Director of Public Works at 830.258.1220 or visit the City's website at www.kerrvilletx.gov.
